

TANDBERG

Quick Set C20

The all-new, compact
1080p HD video
communications
package that's simple
to deploy, easy to use

The new TANDBERG Quick Set C20 delivers the absolute quality of 1080p video in a simple plug-and-play, easy to use system. It's the perfect solution for both SMB and larger enterprises – whether just getting started with video communications or conducting a large scale deployment. The Quick Set C20 delivers all the performance you would expect from a larger system in a compact, feature-rich package.

DESIGN FEATURES

- Transforms a flat panel display into a 1080p HD meeting space
- Simple intuitive connections make set up as easy as connecting a DVD player
- Quick Set C20 provides up to 1080p30 resolution with a 4x zoom camera
- Quick Set C20*Plus* provides up to 1080p30 and 720p60 resolution with a 12x zoom camera
- Standards-compliant 1080p solution — compatible with standards-based video without loss of features
- Sleek compact design

APPLICATION FEATURES

- Share multimedia and presentations at the touch of a button
- Basic API available over IP (Telnet or SSH)
- Dual display option available
- HD content sharing with 720p30 and WXGA

PERFORMANCE FEATURES

- Full duplex, high-quality audio with high-quality stereo sound
- Optimal definition up to 1080p30
- H.323/SIP up to 6 Mbps
- Combine the C20 with the Tandberg Total Solution Infrastructure to provide HD MultiSite™, recording & streaming, and firewall traversal services

Quick Set C20 includes the Codec C20, PrecisionHD 1080p 4x or 12x camera, Performance Mic 20, remote control and cables.
